CHAS ACCREDITED FIRM

"Dryfix Preservation Ltd achieve CHAS Accreditation"

In May 2010 Dryfix Preservation Ltd achieved accreditation from the Government endorsed Health and Safety Scheme CHAS.

CHAS is a government scheme which was developed in 1997 designed and established as a health and safety pre-qualification for the construction industry. CHAS a non-commercial scheme available to suppliers who provide goods and services and organisations looking for suitably competent suppliers.

Dryfix were keen to stay at the forefront of Health and Safety and as such implemented a number of systems to promote and safeguard the Health and Safety of our operatives in the working environment. Keen to achieve recognition for their work Dryfix applied for CHAS and was awarded Accreditation status first time.

In fact our Health and safety policies were so good our assessor commented *"I have completed the assessment and for a small company they have some excellent systems in place which they should be really pleased with."*

Whether your a private or commercial client, contractor or association be sure you choose an organisation that meets its Health and Safety obligations and takes them seriously, choose a CHAS Accredited firm - choose Dryfix.

CONTRACTORS HEALTH & SAFETY ASSESSMENT SCHEME

Congratulations Dryfix

Well Done.
